# *Framework, un nuovo concetto di boiserie, tra design e materia.*

*Framework – a new concept of boiserie, where design meets material.*

Lualdi presents a new concept of boiserie, designed to transform walls into dynamic, multifunctional elements. Introducing Framework, a system defined by a new frame technology that allows for numerous combinations of doors, panels and fronts, featuring a modular and customisable structure that can be equipped with functional accessories and details.

Lualdi presenta un nuovo concetto di boiserie, in grado di trasformare le pareti in elementi dinamici e multifunzionali. Nasce Framework, un sistema caratterizzato da una nuova tecnologia del telaio, che consente numerose combinazioni di ante, porte e pannelli che, grazie a una struttura modulare e personalizzabile, possono essere attrezzati con complementi e dettagli funzionali.

La modularità di Framework consente la configurazione di cabine armadio, ambienti di lavoro, sistemi libreria e soluzioni custom, adattabili a geometrie complesse e a contesti caratterizzati da una costante evoluzione spaziale.

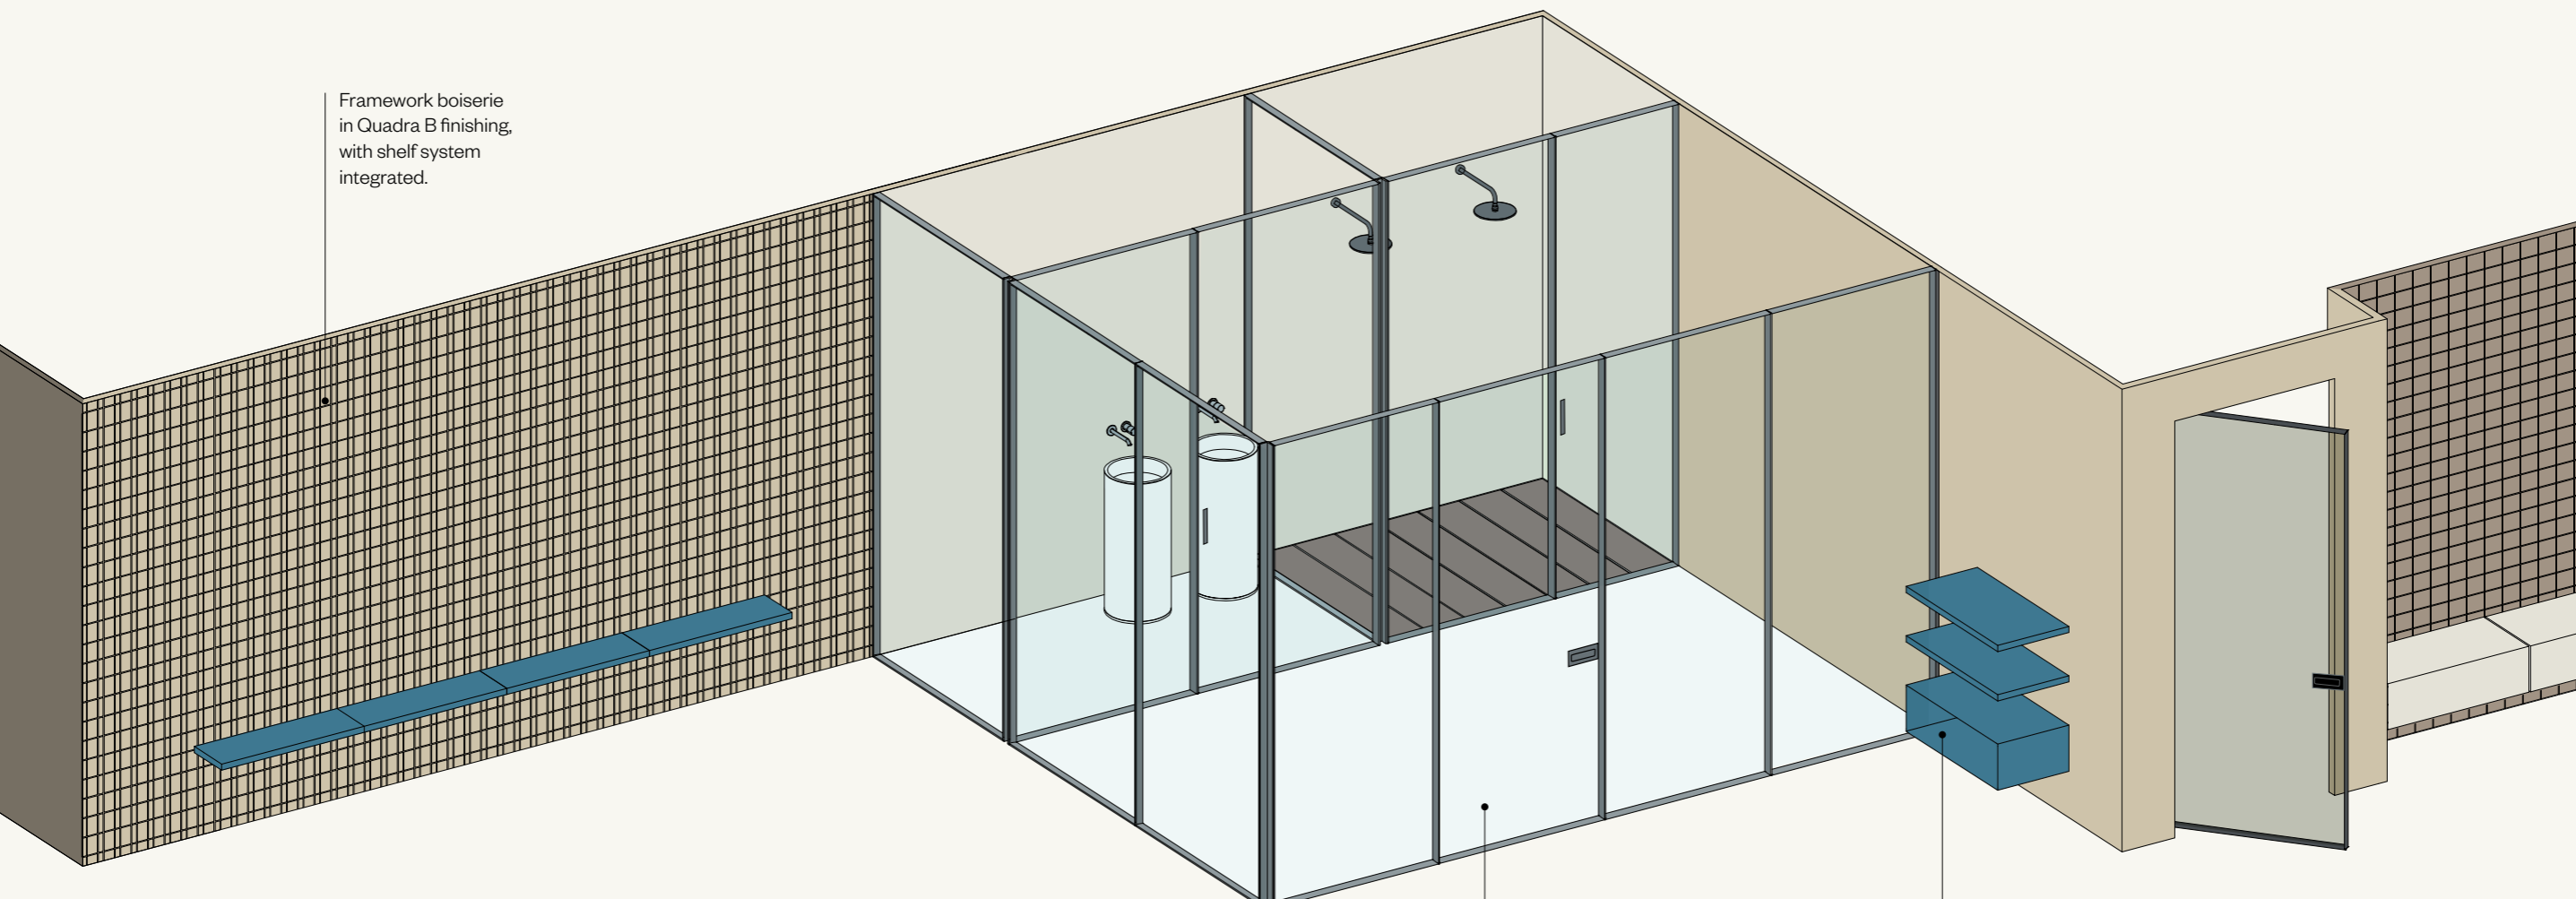

Shelf system in matte lacquered.

Shelf system in glass and aluminium.

Walk-in closet developed with the Framework boiserie and closed by the L7 Bi-folding door system.

Framework's modularity allows for the creation of walk-in wardrobes, workspaces, shelving systems and custom solutions, easily adaptable to complex geometries and constantly evolving spatial settings.

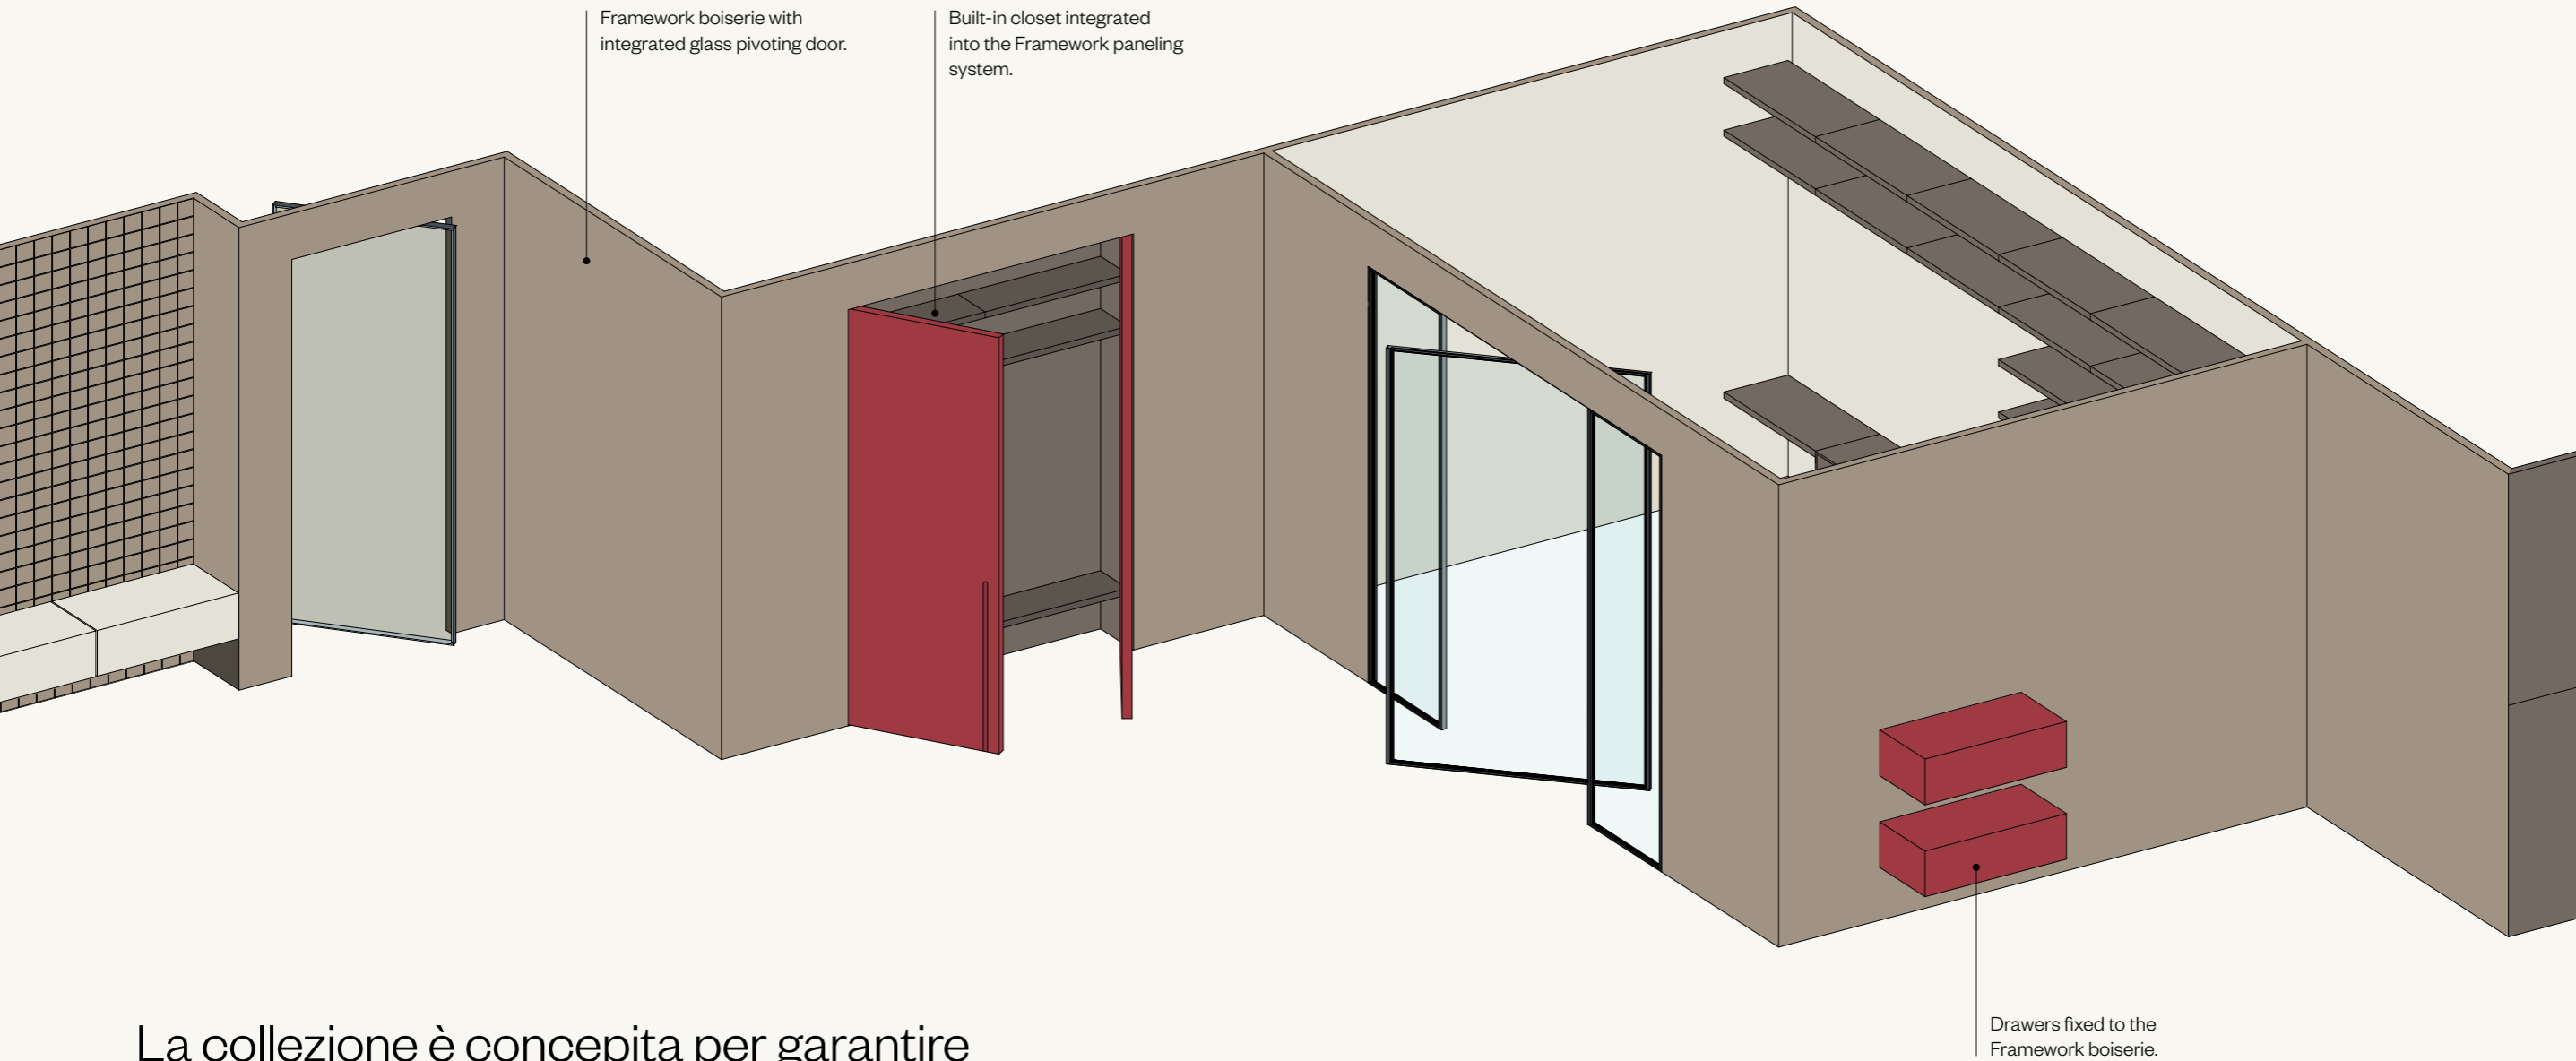

Framework boiserie  
in Quadra B finishing,  
with shelf system  
integrated.

Shoin partition system  
for shower enclosure  
and vestibule.  
Fixed and pivot doors  
integrated into the  
Framework boiserie.

Shelves and open drawer  
fixed to the Framework  
boiserie.

Framework boiserie with integrated glass pivoting door.

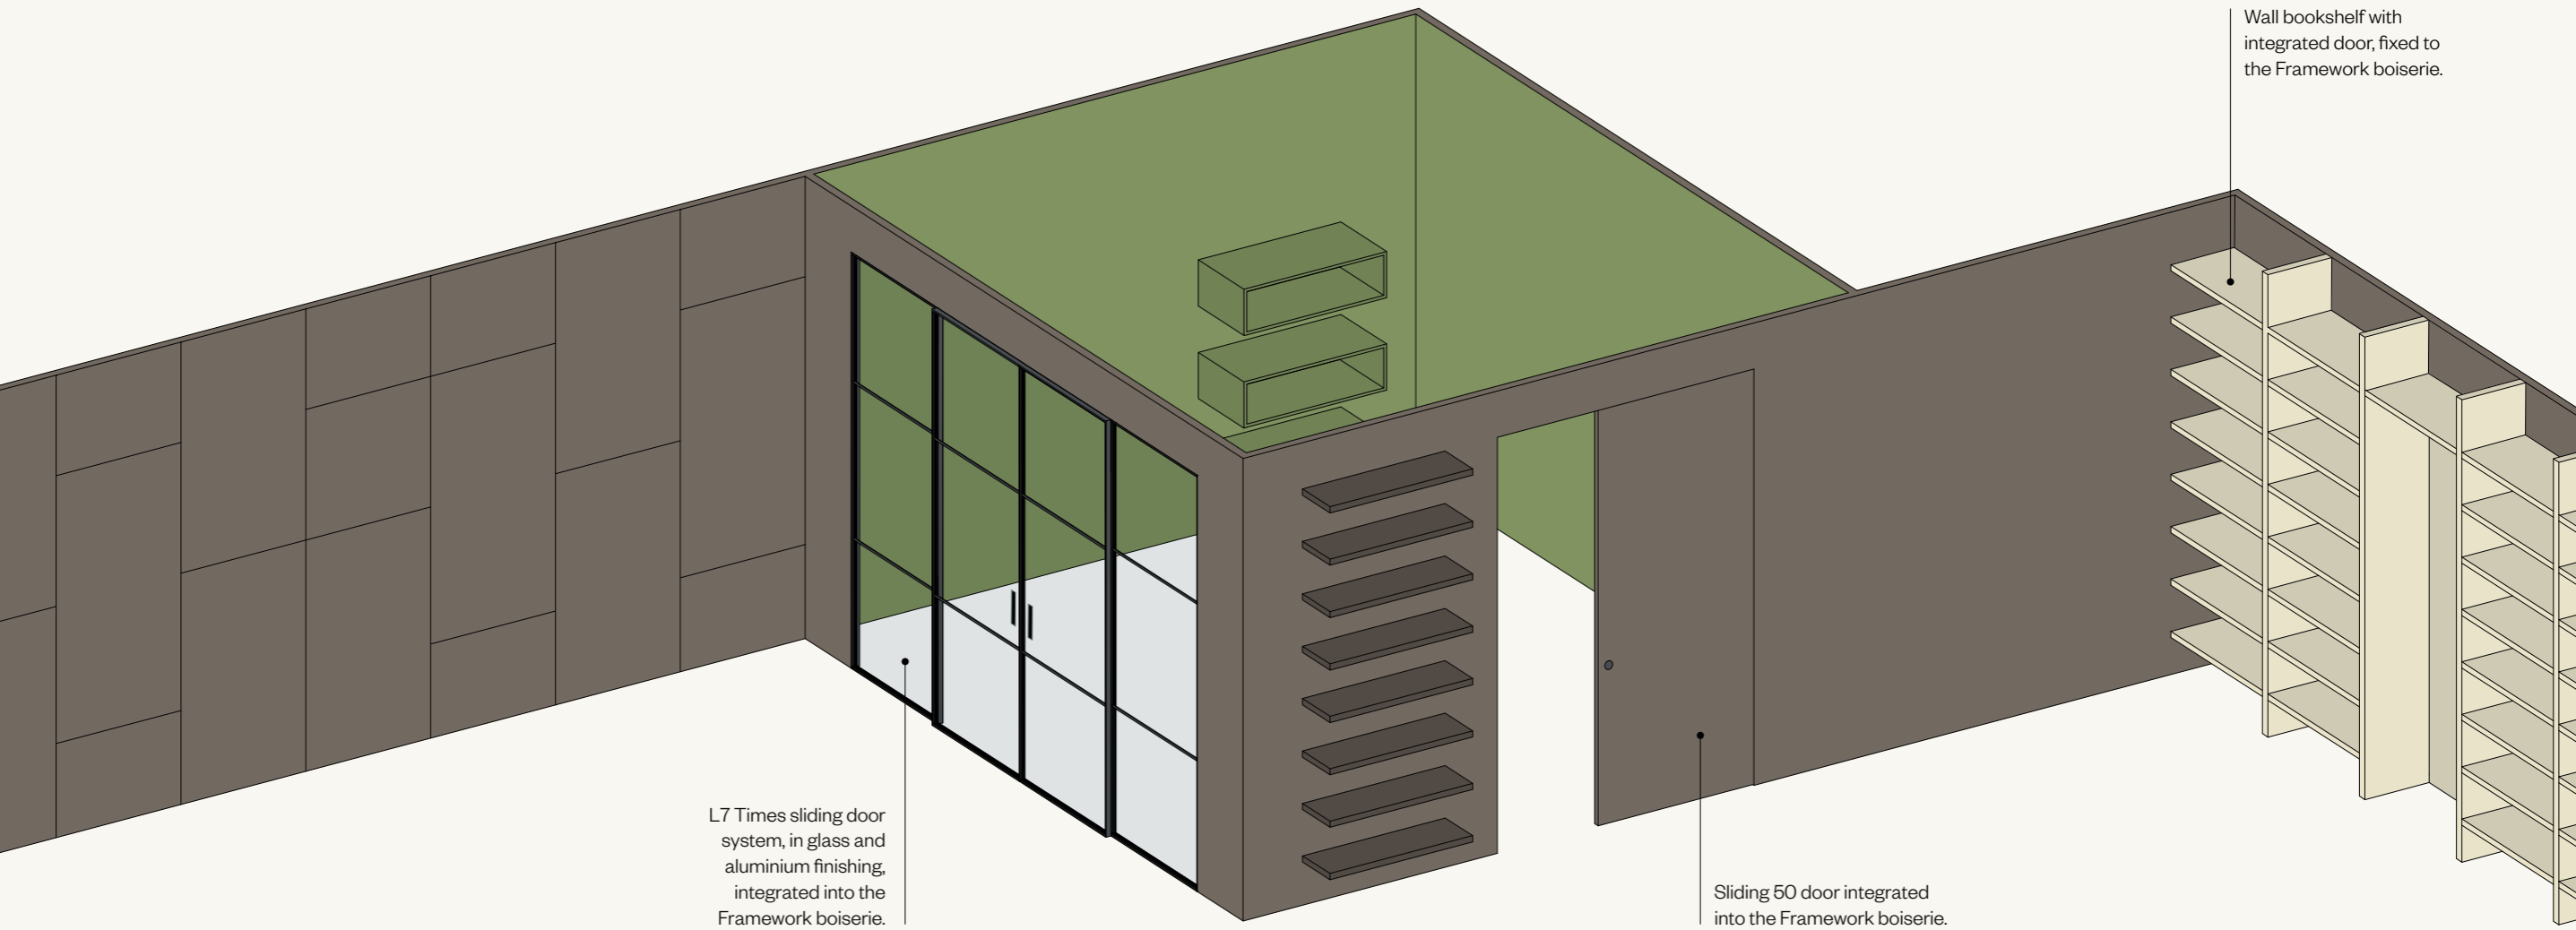

Built-in closet integrated into the Framework paneling system.

Drawers fixed to the Framework boiserie.

La collezione è concepita per garantire un'elevata flessibilità d'uso. L'adozione di sistemi riconfigurabili riduce la necessità di interventi strutturali, favorendo soluzioni avanzate, ideali per ambienti multifunzionali.

The collection is designed to offer exceptional versatility of use. The reconfigurable systems minimise the need for structural interventions, enabling advanced solutions ideal for multifunctional settings.

The wide range of finishes ensures that each configuration is unique and harmonised with the interior design.

L7 Times sliding door system, in glass and aluminium finishing, integrated into the Framework boiserie.

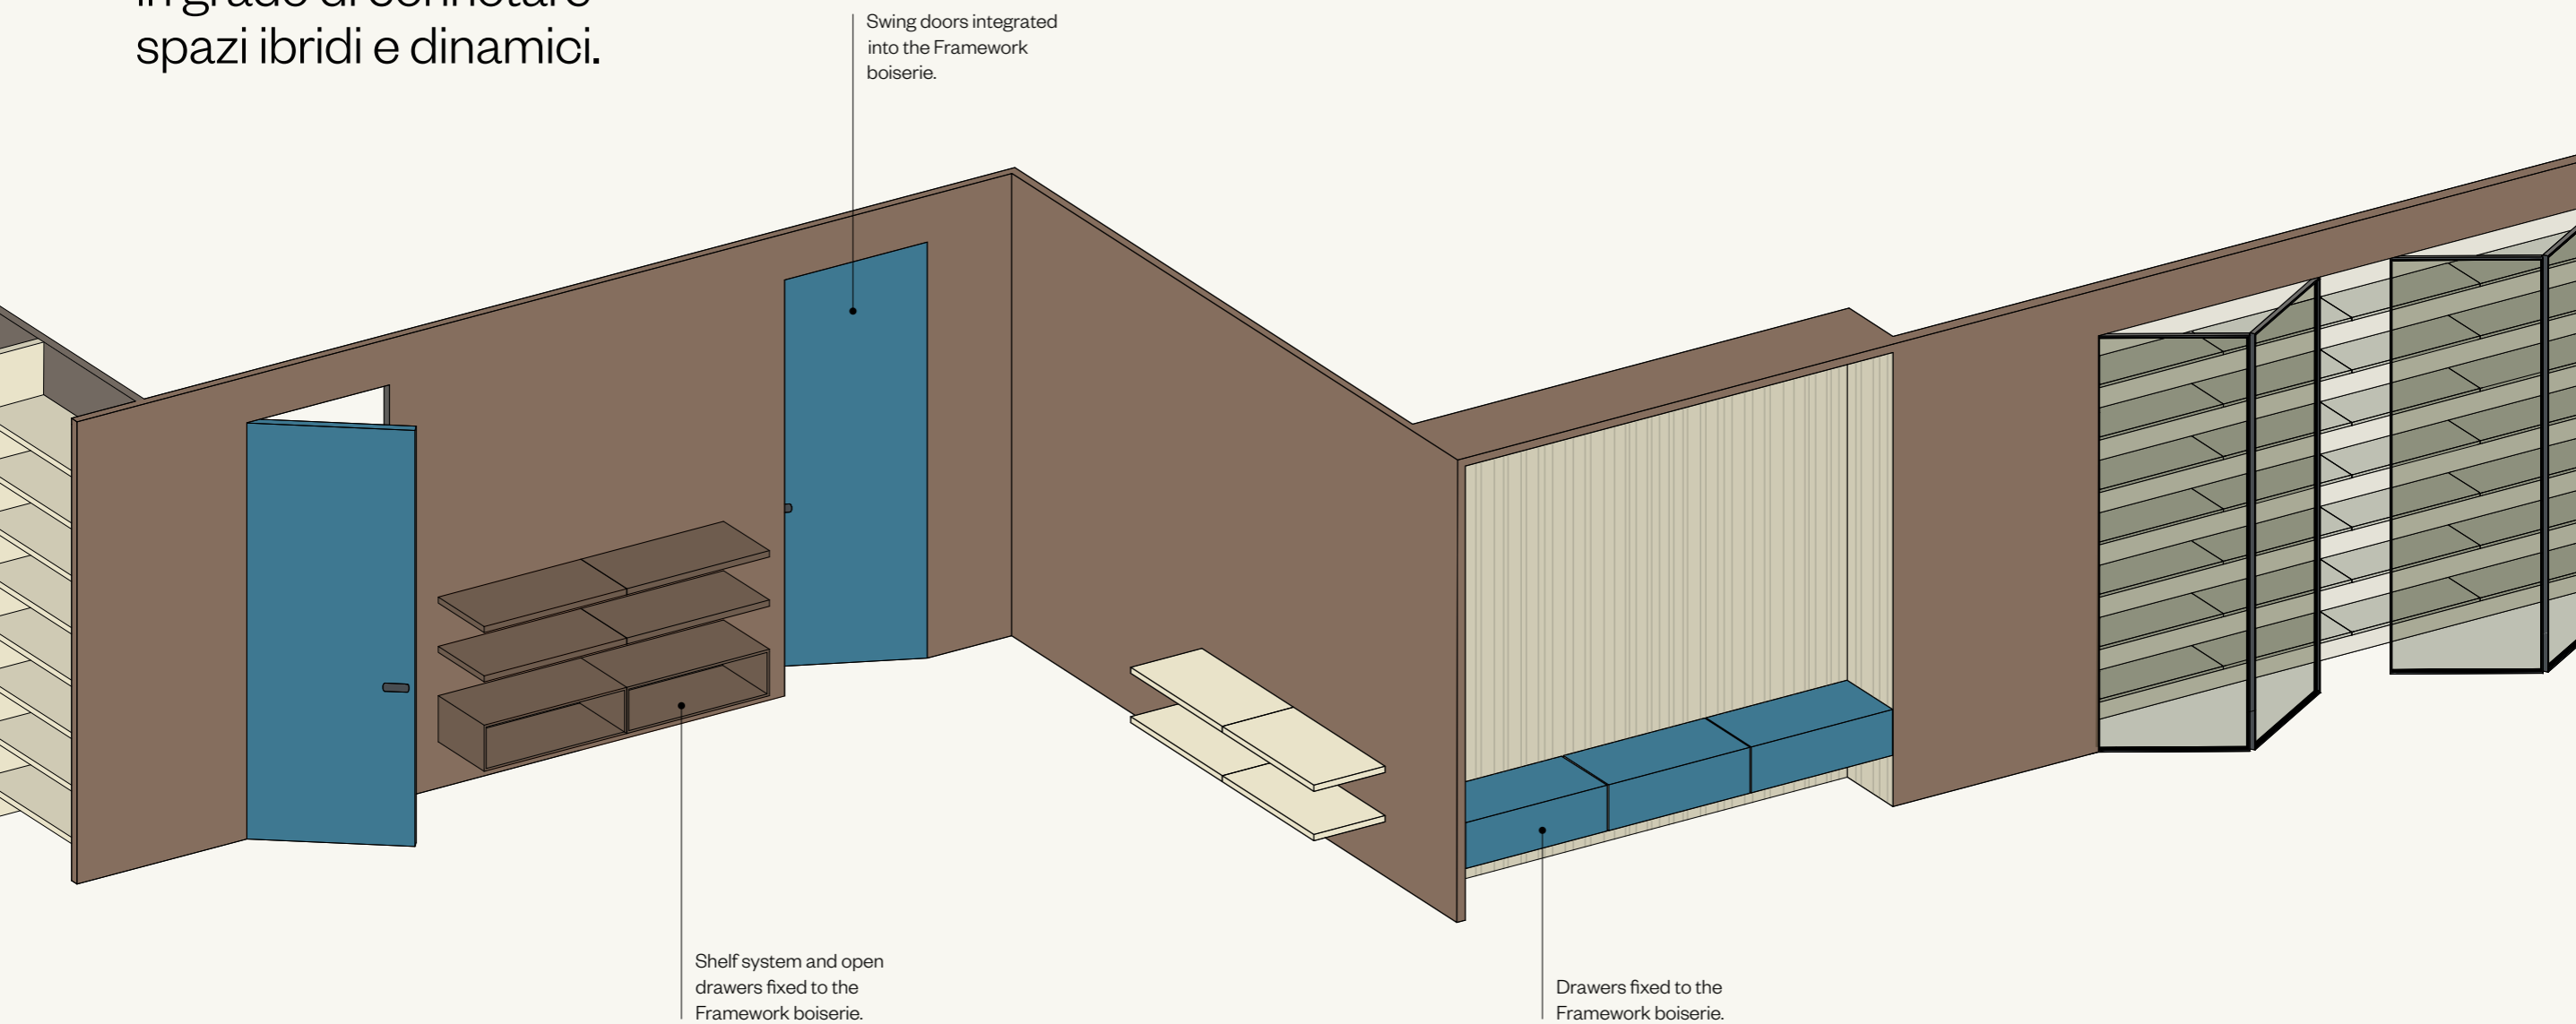

Sliding 50 door integrated into the Framework boiserie.

Wall bookshelf with integrated door, fixed to the Framework boiserie.

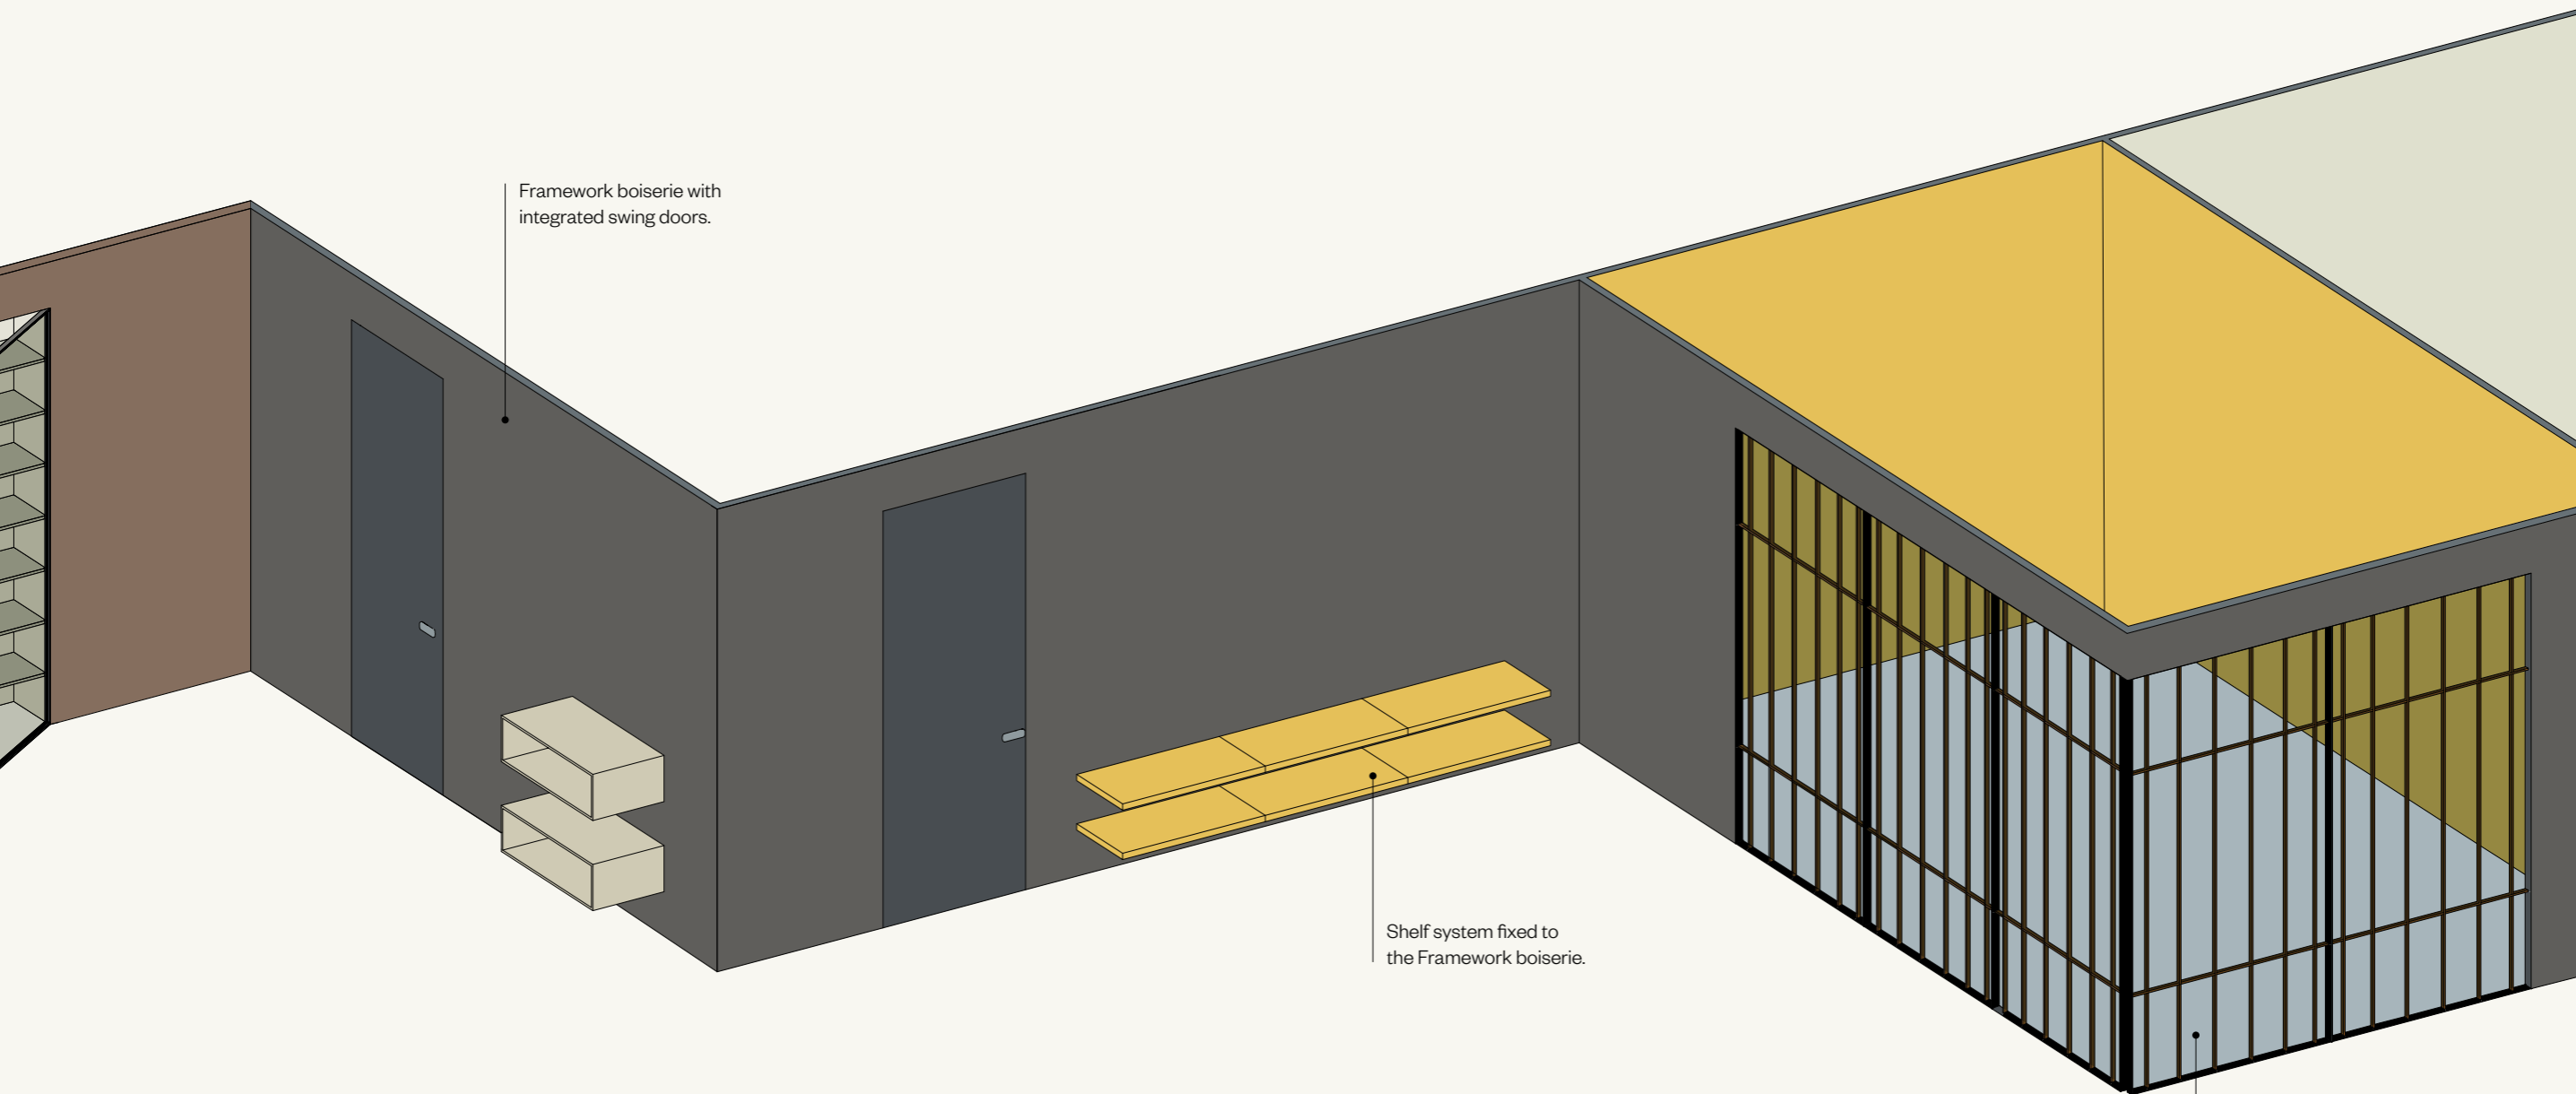

L'ampia scelta di finiture rende ogni configurazione inedita e coerente con il progetto di interior.

L'integrazione fra tecnologia e ricerca formale dà vita ad un sistema versatile, in grado di connotare spazi ibridi e dinamici.

The combination of technology and formal research gives rise to a versatile system, effectively shaping hybrid and dynamic spaces.

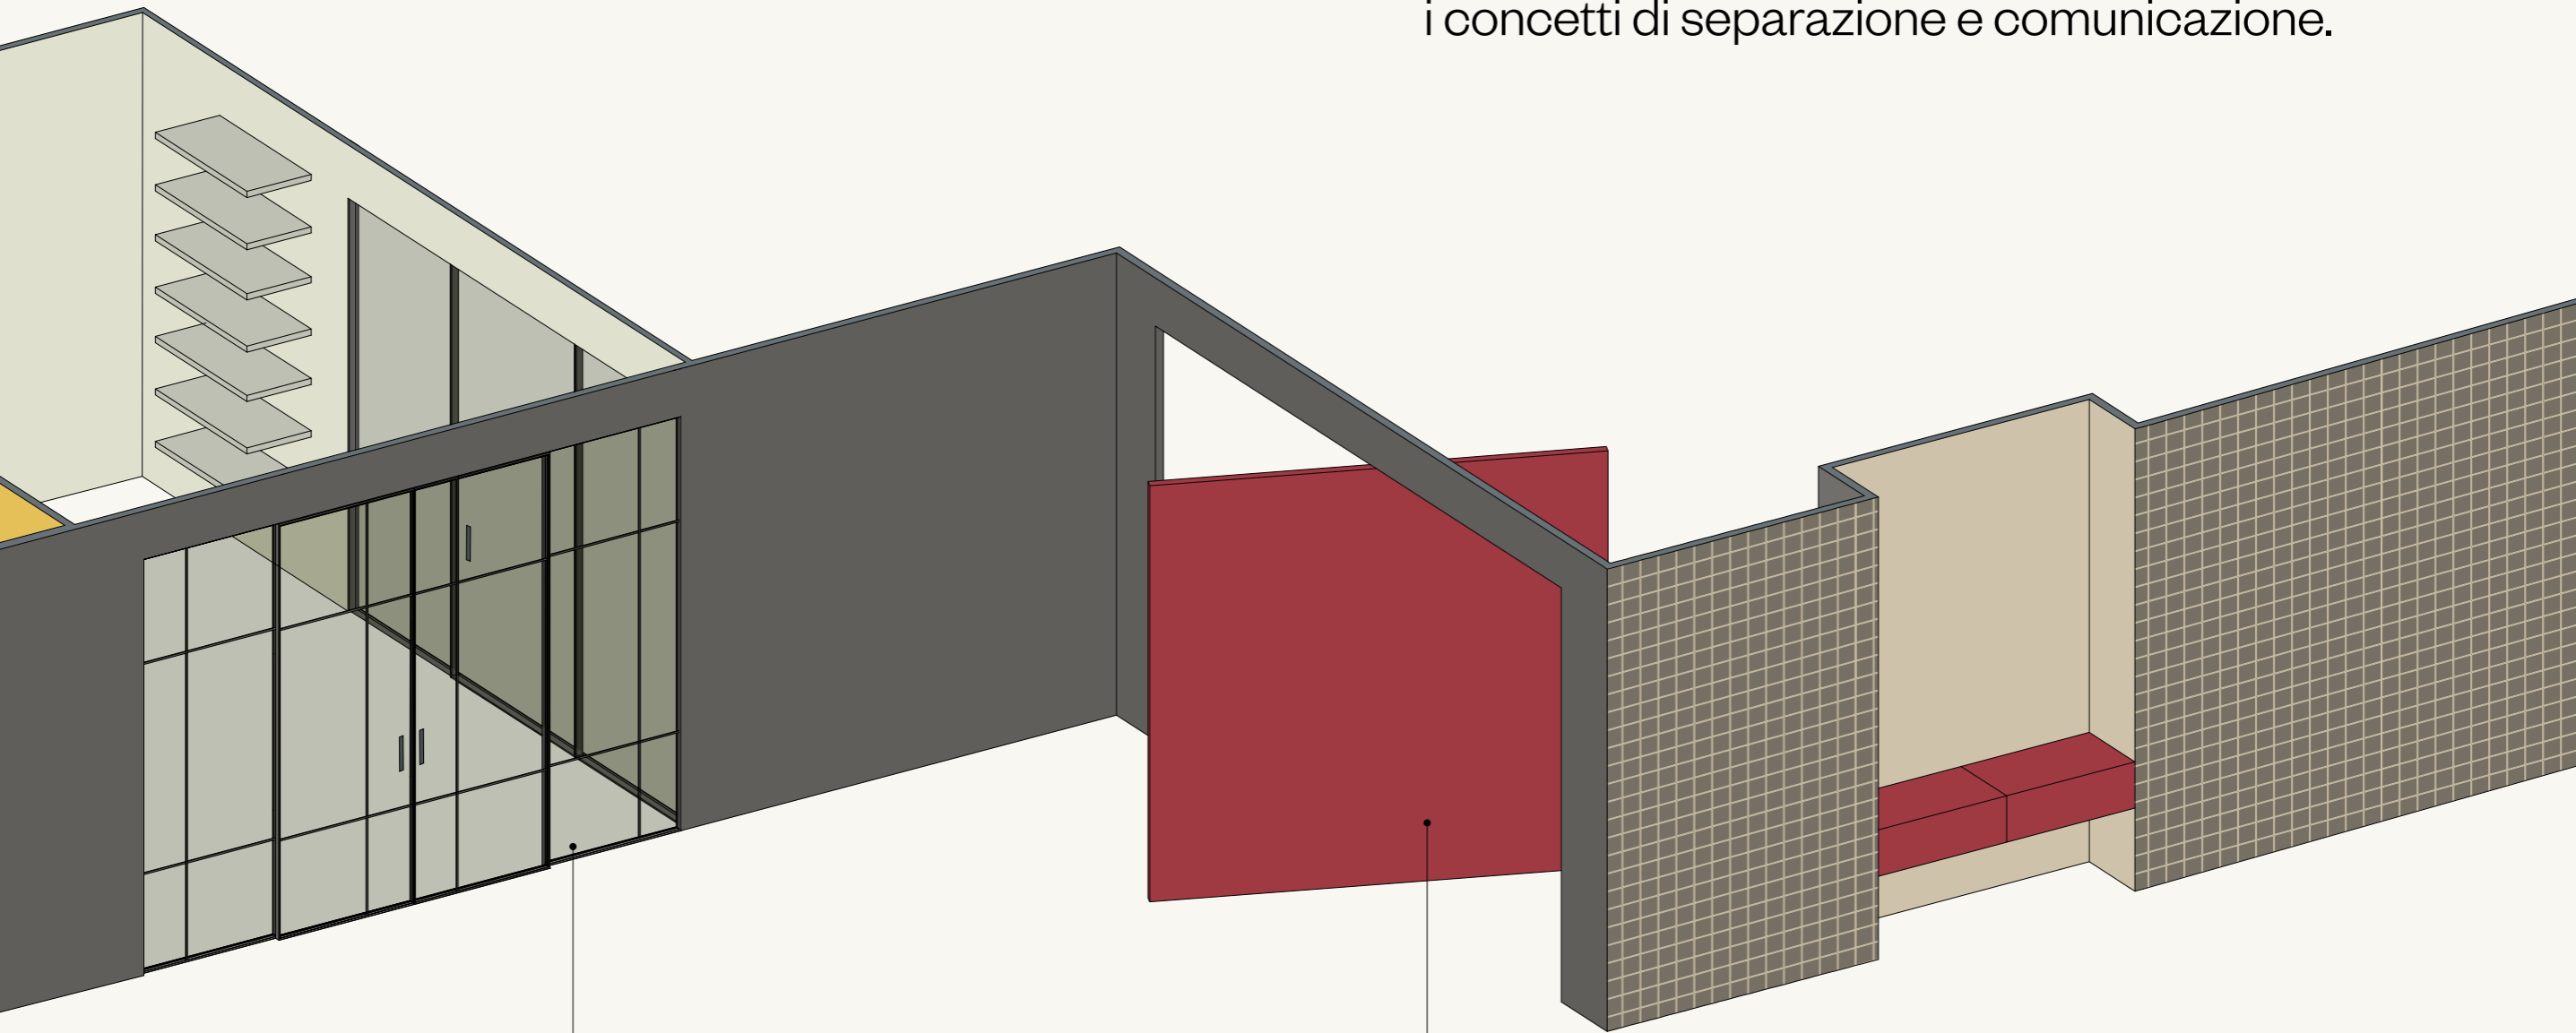

Framework boiserie with integrated swing doors.

Shelf system fixed to the Framework boiserie.

Corner Koan sliding door system, integrated into the Framework boiserie.

Con Framework, Lualdi amplia la sua visione dell'abitare contemporaneo, riformulando i concetti di separazione e comunicazione.

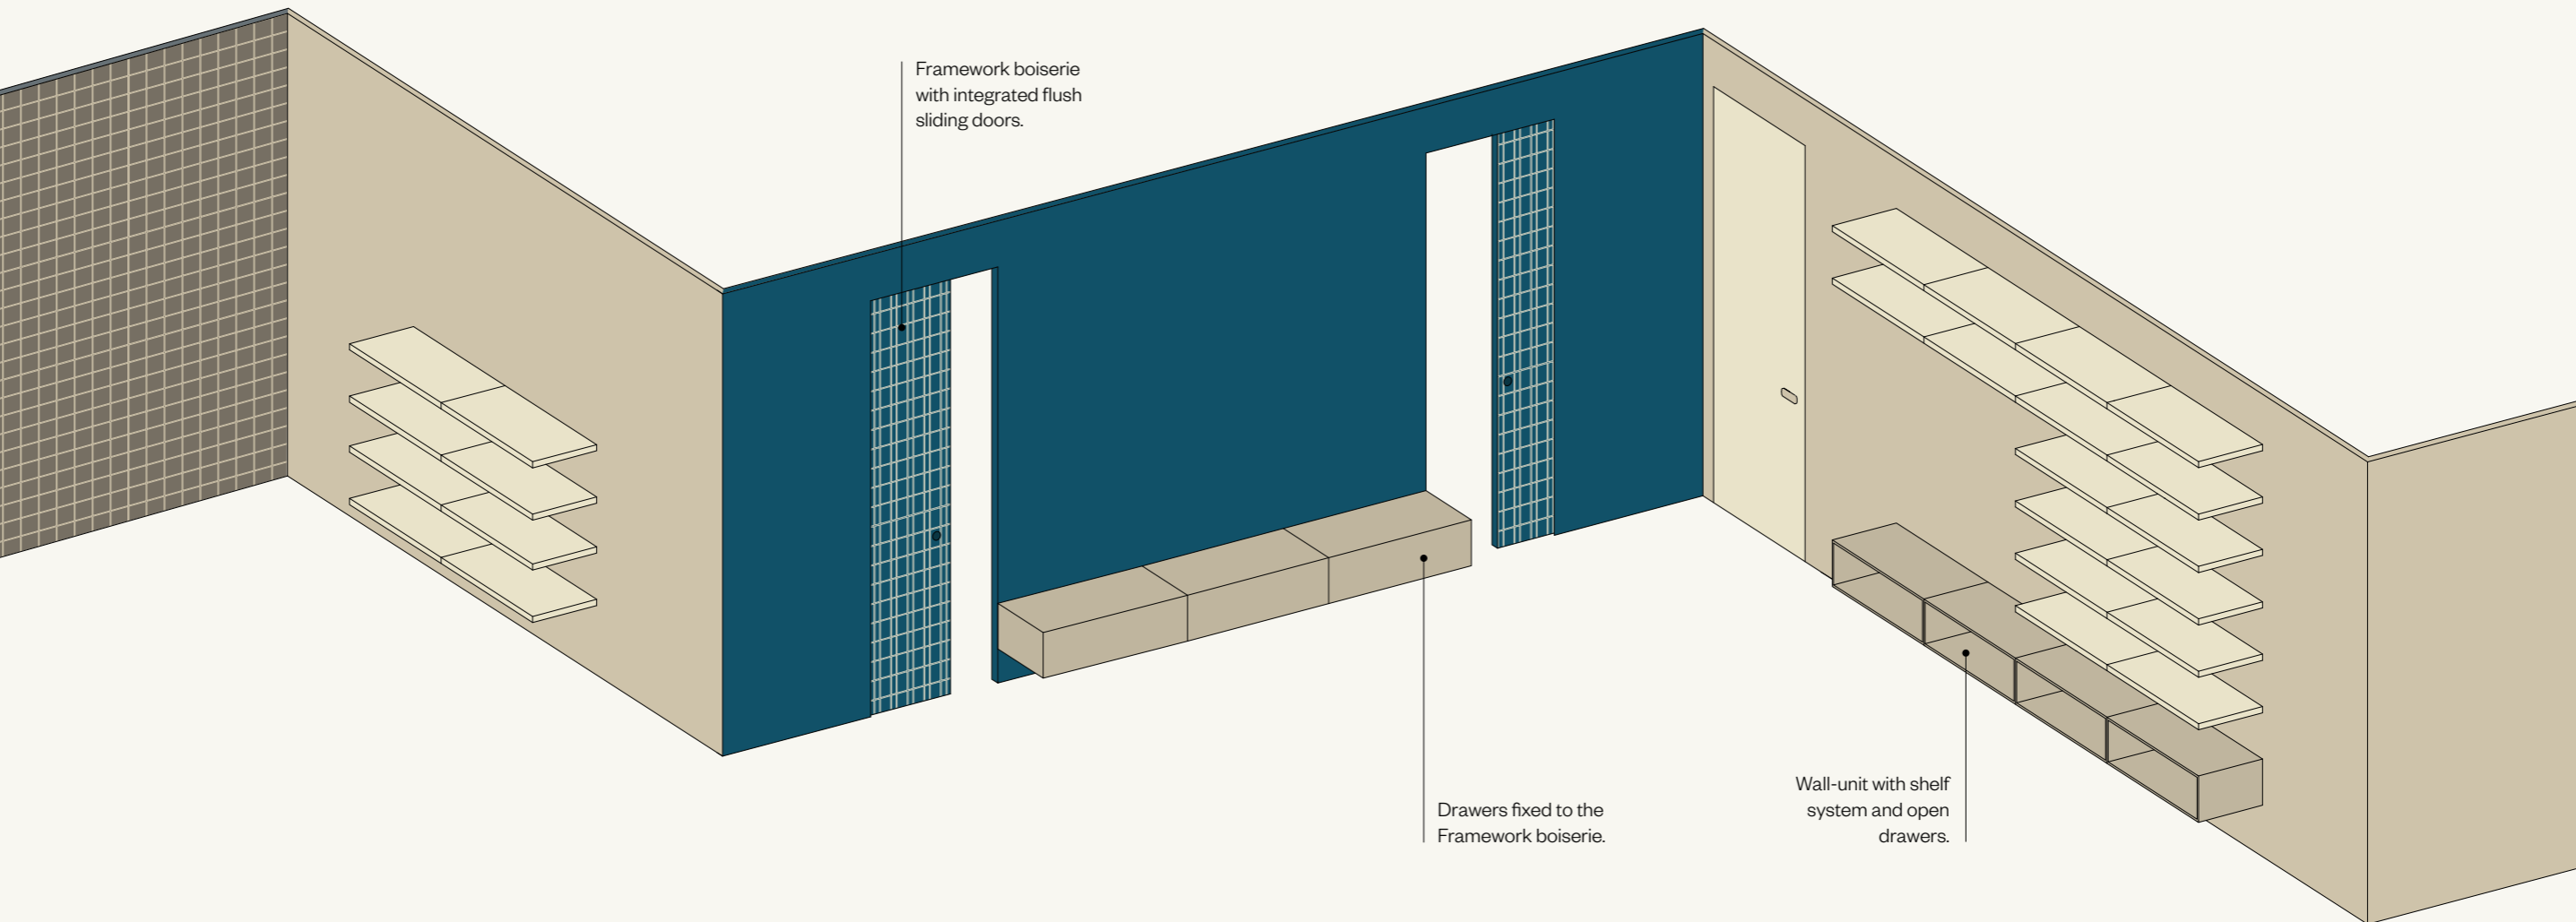

L7 Times sliding door system integrated into the Framework boiserie.

Compass 55 pivoting door integrated into the Framework boiserie.

With Framework, Lualdi expands its vision of contemporary living, reformulating the concepts of separation and connection.

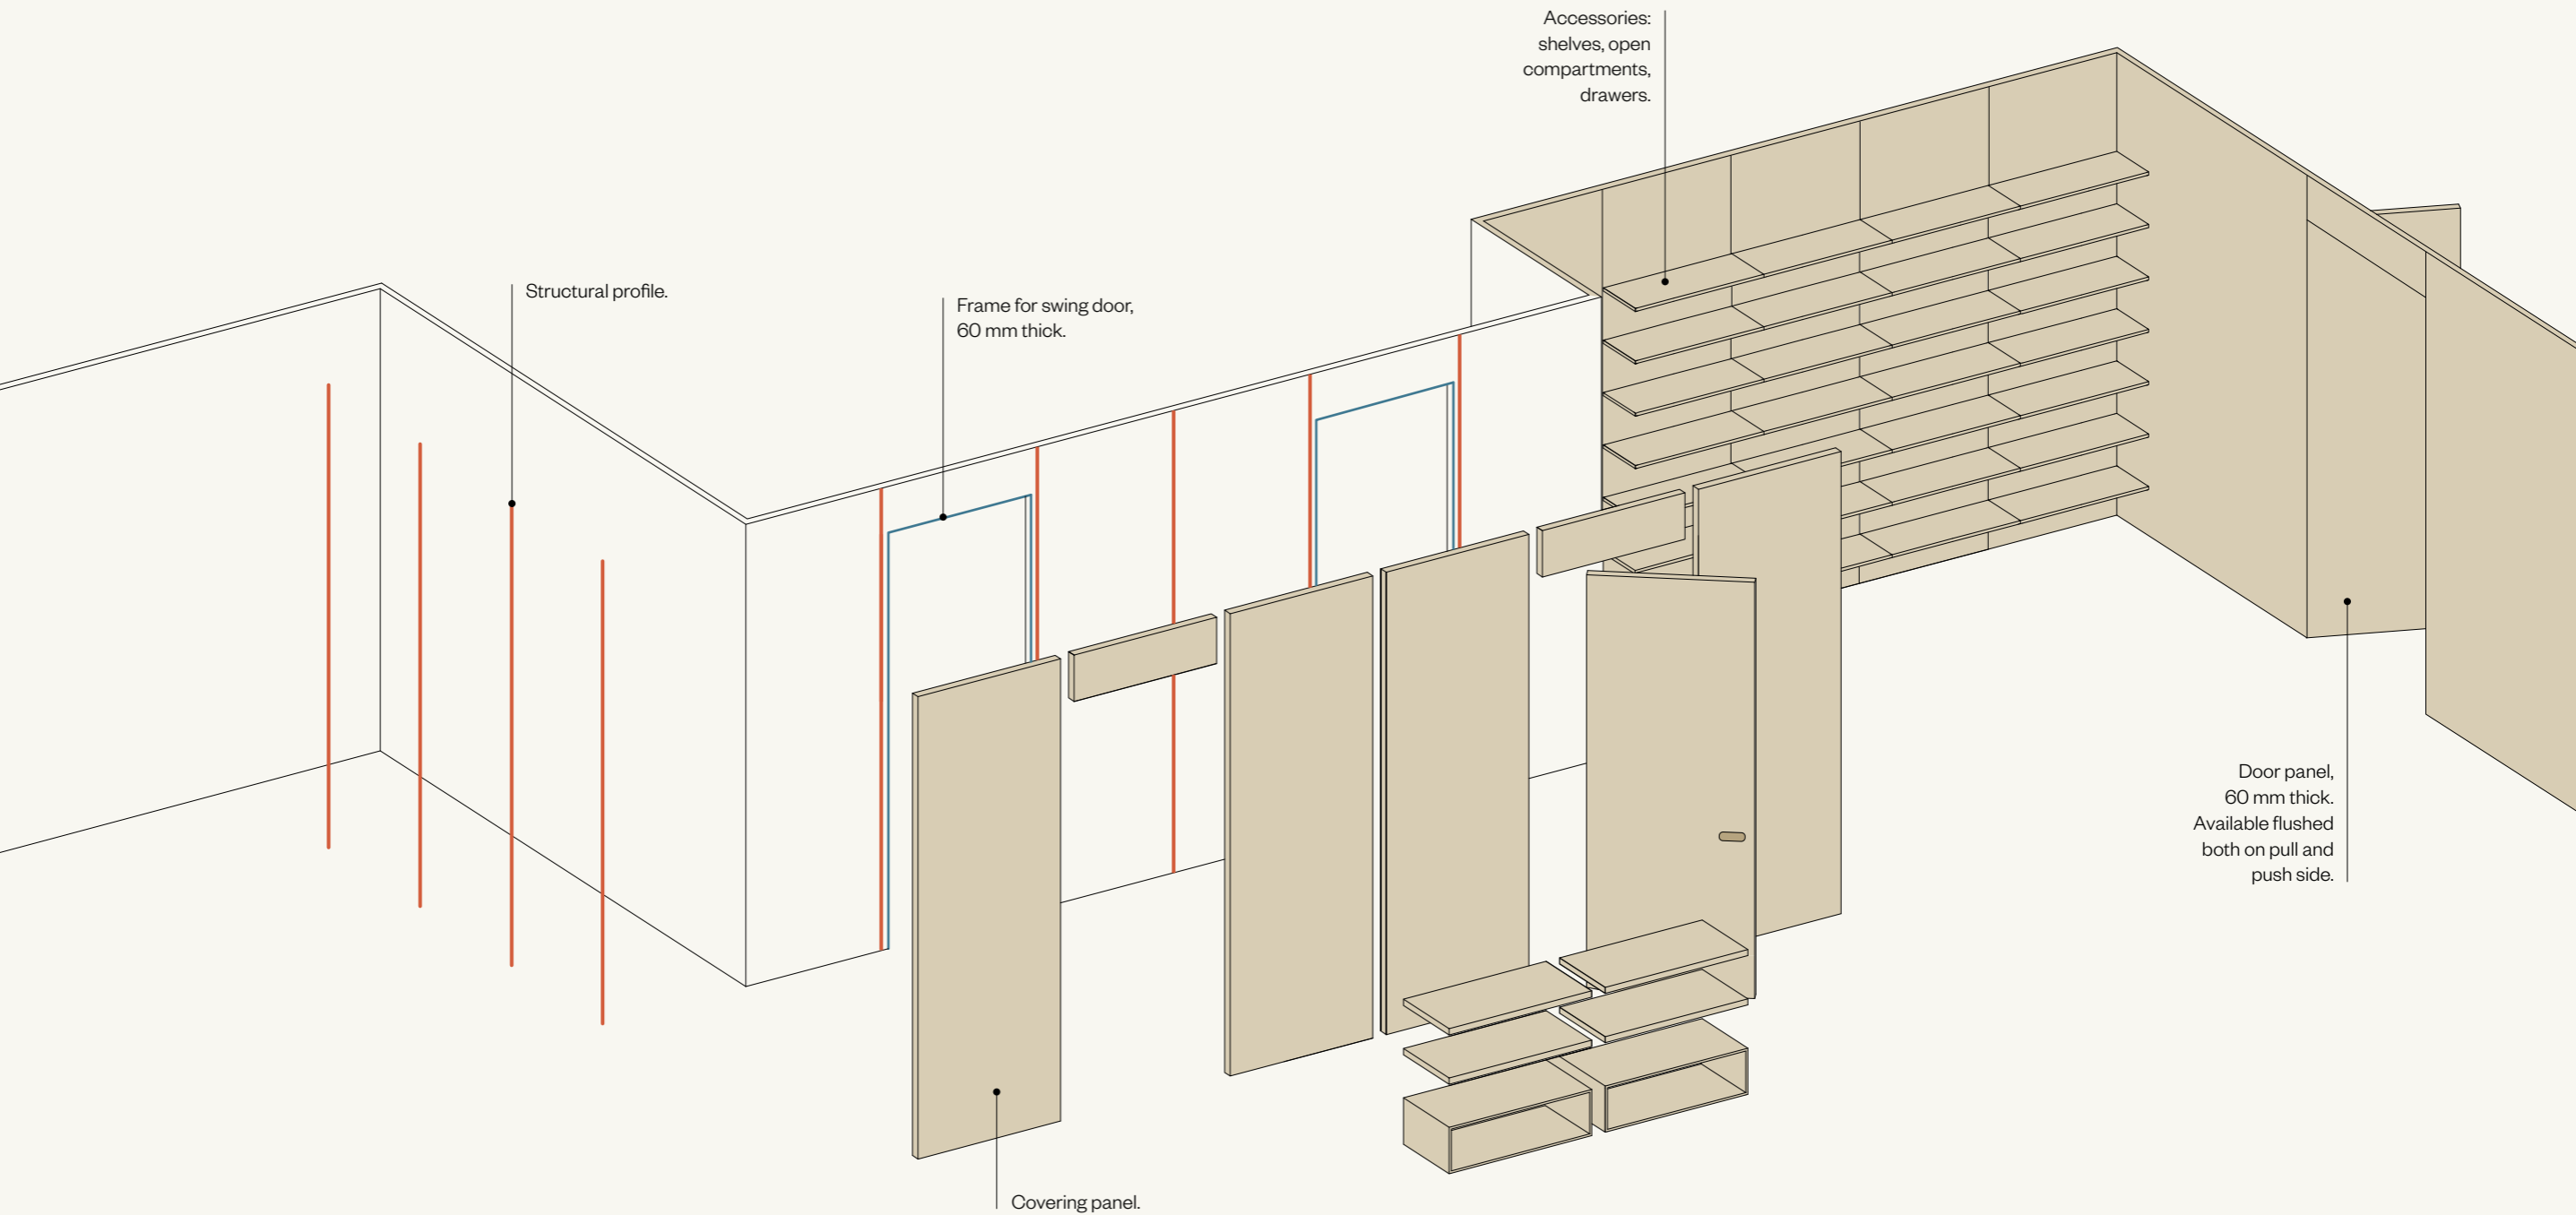

Framework trasforma le pareti in spazi sensoriali, in un connubio perfetto tra design e materia.

Framework transforms walls into sensory spaces – a perfect fusion of design and matter.

A system that revolutionises  
the very concept of spatial  
division in design.

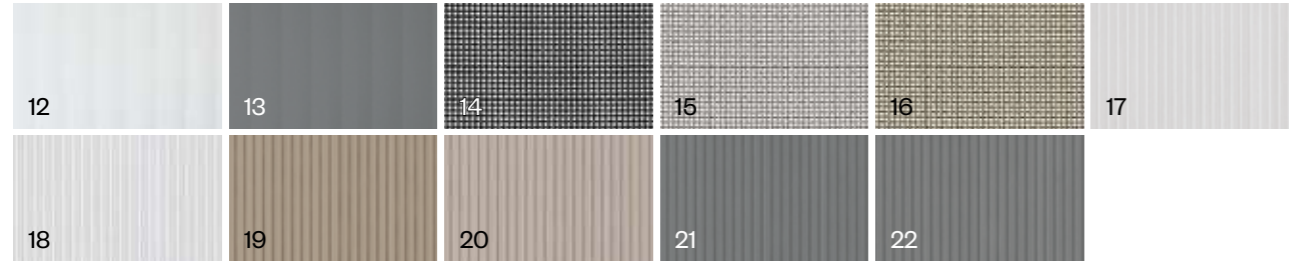

Un sistema che rivoluziona il modo di  
progettare la suddivisione degli spazi.
